Home Safety Checklist

Most falls at home happen in the bathroom, on stairs and at entryways. Walk through the home with this list. **Every box you can't check is something we may be able to fix.**

Entrances & steps

- [ ] Steps are even, with no loose boards
- [ ] Sturdy handrails on both sides
- [ ] A ramp or step-free entry if needed
- [ ] Outdoor lights work at every door
- [ ] Doorways fit a walker or wheelchair

Bathroom

- [ ] Grab bars by the toilet and shower
- [ ] Non-slip surface in the tub or shower
- [ ] Toilet height is easy to use
- [ ] Tub bench or walk-in shower if needed
- [ ] Hot water set to 120°F or lower

Floors & walkways

- [ ] No loose rugs, cords or clutter
- [ ] Flat flooring, no lifted tiles
- [ ] Clear path from bed to bathroom
- [ ] Night lights in halls and bathroom

Home systems & safety

- [ ] Heat and air conditioning work
- [ ] No leaks under sinks or at the toilet
- [ ] Outlets work, with no scorch marks
- [ ] Smoke alarms on every level
- [ ] Carbon monoxide alarm, if gas

Found something that needs fixing?

Renovation Hope™ installs grab bars, ramps and handrails and makes critical repairs for eligible homeowners. Call us or apply online.
